The wholesale markets, penerally, were dull-

The inroads which our visitors have made into our visitors have made into commissaries accumulated for their cutertain-ment must be replaced for further raids, and thus react favorably upon the wholesale trade. Prices are unchanged except for eggs, which have reached 20 cents on account of an insufficent have reached 20 cents on account of an insufficent supply.

The Georgetown flour market to-day showed some improvement, and all grades are selling at higher prices, the advance of families being fact, aggregating between three and four hundred barrels, but there are engagements for large movements the latter part of the week. Corn is stronger to-day at 00@04c.

The only receipts of lumber at Georgetown to-day were 100,000 feet of white pine for Wheatley, per schooner lowns.

The increased tonings for coal shows prospects of a further improvement in the coal business. The number of schooners arrived at Georgetown wharves is larger than it has been for a period of six months, there being 28 awaiting cargoes upon the engagements of the different coal companies.
